

Rebuild MI Advantages

Rebuild MI helps public facility managers:

- ⇒ Reduce operating costs
- ⇒ Increase occupant comfort & productivity
- ⇒ Pay for projects through energy cost savings
- ⇒ Raise public awareness & support for energy efficiency
- ⇒ Increase building system equipment life
- ⇒ Increase funding for core activities
- ⇒ Limit harmful emissions
- ⇒ Showcase leadership & environmental stewardship

More than 450 schools, colleges and municipalities have benefited from Rebuild MI. Potential for energy efficiency investment now exceeds \$36 million with projected annual savings over \$12 million.

Services Available To Rebuild MI Participants

The Rebuild MI Program assists public K-12 schools, local governments, public colleges/ universities and public housing authorities with increasing operational energy efficiency by:

- ◆ Offering educational tools & opportunities
- ◆ Recognizing achievement
- ◆ Disseminating information on technologies
- ◆ Providing technical assistance
- ◆ Offering attractive financing for cost effective projects

After you enroll, a Rebuild MI Technical Consultant will complete a free *Introductory Energy Evaluation (IEE)* of your facilities. The IEE report summarizes specific opportunities for reducing energy consumption and includes:

- ◆ A utility bill analysis
- ◆ A list of recommendations for operational and maintenance improvements
- ◆ A list of energy efficiency upgrades plus financing information
- ◆ A recommendation, if appropriate, for a technical energy analysis

The *Technical Energy Analysis (TEA)* phase includes:

- ◆ A list of pre-qualified TEA consultants
- ◆ Professional, in-depth evaluation of current facility energy usage
- ◆ A detailed report with energy cost saving and payback calculations suitable for obtaining project financing
- ◆ A quality, independent review of your TEA report

Rebuild MI also provides:

- ◆ Energy education curriculum support
- ◆ Workshops
- ◆ Newsletters & case studies

The Rebuild America Solution Center offers:

- ◆ Information and tools for improving the operational energy efficiency of your organization
- ◆ Solutions to project design, implementation and commissioning issues
- ◆ ENERGY STAR benchmarking
- ◆ Information on energy efficiency technologies

Rebuild MI is offered statewide in cooperation with the U.S. Department of Energy, energy service providers and public membership associations.
